.....

"I am going to ... (please tick all boxes that apply)

- Buy a solar thermal system for water heating
- Buy a TV with a built-in set-top box
- Buy solar photovoltaic cells to make my own electricity
- Double glaze my windows (or DIY secondary glazing)
- Draught-proof the house
- Eat less meat and processed foods
- Get cavity wall insulation
- Get floor insulation
- Get loft insulation
- Give the hot water tank an insulation jacket
- Inflate tyres to the correct pressure
- Install a timer, programmer and thermostats for the heating
- Install thermostatic radiator valves
- Insulate the hot water pipes
- Only boil the water I need
- Only run the dishwasher when it's full
- Replace an old, inefficient appliance

- Replace an old boiler with a new more efficient one
- Replace traditional lightbulbs with low energy ones
- Set my hot water tank to 60 degrees C
- Stop junk mail
- Switch off appliances at the plug (and not leave on standby)
- Switch off computer monitor when not in use
- Switch off my computer when I'm not using it
- Switch off the TV at the powerpoint
- Take short showers instead of baths
- Throw away one less bin bag of rubbish per week
- Turn off lights that aren't needed
- Turn the thermostat down
- Use a plug when washing up
- Use reusable bags for shopping
- Wash at 30 degrees, instead of 40
- Watch less TV

.....

Thank you for making a pledge to reduce your carbon emissions as part of the Redcliffe Carbon Challenge. Please encourage your friends and colleagues to also make a pledge by visiting: www.cse.org.uk/redcliffecarbonchallenge. You can find out what else we're doing by looking at our facebook page or getting in touch by email.
