

**Inspiring our sustainable energy future:  
Accelerating change, scaling up action**

DATE  
Thursday 13 June 2019

REGISTRATION  
10.15 (for 10.45 start)

VENUE  
We the Curious,  
Bristol BS1 5DB

Our 40th anniversary conference combines short, thought-provoking contributions with facilitated opportunities for sharing insights and exploring key issues with fellow participants.

We'll be taking three different perspectives – people, places and systems – on the challenges of accelerating change towards a sustainable energy future.

From 17.30 there will be a party to celebrate our 40th birthday at the same venue (with a bar and cake).
