Waste-A-Lot House

Did you find 10 ways the Waste-a-lot family are wasting energy?

1 The ceiling light is on in the lounge room that people are not using.	6 The stereo in the lounge room has been left on.
2 The windows are open while the radiators are trying to heat the house.	7 The fridge door is open.
3 The lamp and computer in the lounge room have been left on.	8 The saucepans have their lids off.
4 The oven door has been left open, letting the heat escape.	9 The TV and stereo are playing at the same time in the bedroom.
5 The sink is overflowing with too much hot water.	10 The front door is open and causing a cold draught.
